FRAGRANCE SPEAKS EMOTIONS

It soothes.
It awakens.
It connects.

A fragrance is not just a scent –
it is a memory,
a state of mind,
an invisible touch.

Each creation carries an emotion,
born to awaken one of the 89:
*Calm. Closeness. Confidence.
Tenderness. Inspiration.*

A STORY WRITTEN IN SCENT

It began with a single flame –
a candle, gifted in love.
From that moment, a vision was born:
to create scents that warm,
soothe,
and bring souls together.

Every fragrance still carries this essence –
Crafted in Lithuania since 2016,
still whispering the same truth:

A scent lives only when it touches a feeling.

The Essence of Beginnings

INITIUM COLLECTION

These are not just fragrances.
They are the origin of our perfumery – the very first
scents we created for the skin.
Crafted from emotion, not demand.
Each one was born from the desire to express something
deeper – a state, a feeling, a presence.

The Initium Collection holds the essence of where it all
started – and reminds us why we create:
to touch, not to impress.
